

Friends of El Dorado Lake

Many of our members may not be aware of an organization which has been in existence since the El Dorado State Park first opened in 1985. Their By-Laws include:

“Enhancing a significant resource for the people of Kansas”

“Assist in the developing and implementing improvements and educational programs at El Dorado State Park & Lake.”

The organization has been instrumental in helping the State to implement several improvements within the park and was responsible for the construction and operations of the cabins among other significant projects. They also help coordinate and assist in conducting various activities including equestrian, cross country and bicycling competitions.

The Friends group is looking for new members who can help with its mission by participating in the planning and execution of future activities.

The following was forwarded to me from the new president Jean Plummer:

Friends of El Dorado Lake is a 501c3 organization created to support and promote the lake and lake activities. We are seeking new members, like those from the sailing group, to be a part of this organization. The Friend's group meets the last Tuesday of the month at 7 p.m., usually at the El Dorado Chamber, from February to October. Our meeting this month is March 31 and we hope to see many of you involved and I look forward to expanding our association. Jean Plummer, president, Friends of El Dorado Lake.

If you have any questions or are interested in joining this group, please contact Gene Nold or Jean Plummer at jeanplummer@rocketmail.com.
